Notes to the Financial Statements

For the Year Ended 30 June 2015

1 Summary of Significant Accounting Policies

These financial statements are therefore a special purpose financial statements that has been prepared in order to meet the requirements of the *Australian Charities and Not-for-profits Commission Act 2012*.

The financial statements have been prepared in accordance with recognition and measurement criteria in the Australian Accounting Standards and the disclosure requirements of AASB 101 Presentation of Financial Statements, AASB 107 Statement of Cash Flows and AASB 108 Accounting Policies, Changes in Accounting Estimates and Errors.

The significant accounting policies disclosed below are those which the directors have determined are appropriate to meet the needs of members. Such accounting policies are consistent with the previous period unless otherwise stated.

The financial statements have been prepared on an accruals basis and are based on historical costs unless otherwise stated in the notes.

(b) Comparative Amounts

The company changed its financial year end from 31 March to 30 June 2014. The comparative figures are for the 15 month period ended 30 June 2014.

(c) Plant and Equipment

Plant and equipment are measured using the cost model.

Where the cost model is used, the asset is carried at its cost less any accumulated depreciation and any impairment losses. Costs include purchase price, other directly attributable costs and the initial estimate of costs of dismantling and restoring the asset, where applicable.

Plant and equipment that have been contributed at no cost, or for nominal cost are valued and recognised at the fair value of the asset at the date it is acquired.

Depreciation

The depreciable amount of all property, plant and equipment, except for freehold land is depreciated on a straight-line or diminishing value method from the date that management determine that the asset is available for use.

(h) Adoption of new and revised accounting standards

The adoption of these Standards has not impacted the recognition, measurement and disclosure of any transactions.

(i) New Accounting Standards and Interpretations

The AASB has issued new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods. The company has decided against early adoption of these Standards.

2 Critical Accounting Estimates and Judgments

The directors make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below.

Key estimates - impairment of property, plant and equipment

The company assesses impairment at the end of each reporting period by evaluating conditions specific to the company that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

Key estimates - fair value of financial instruments

The company has certain financial assets and liabilities which are measured at fair value. Where fair value has not able to be determined based on quoted price, a valuation model has been used. The inputs to these models are observable, where possible, however these techniques involve significant estimates and therefore fair value of the instruments could be affected by changes in these assumptions and inputs.

Independent Auditor's Report to the members of Gunawirra

Basis for Qualified Opinion

Due to the nature of the company's activities (especially donations and fundraising) control over the receipts and income is limited prior to it being recorded, and there are no practical audit procedures available to determine the effect of this limited control. In addition to this, due to the inadequate record keeping surrounding the company's receipts over these types of income during the financial year, we cannot form an opinion on this income.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial report of Gunawirra is in accordance with the *Australian Charities and Not-for-profits Commission Act 2012*, including:

(a) giving a true and fair view of the company's financial position as at 30 June 2015 and of its performance for the period ended on that date; and

(b) complying with Australian Accounting Standards and the *Australian Charities and Not-for-profits Commission Regulation 2013*.

Basis of Accounting

Without modifying our opinion, we draw attention to Note 1 to the financial report which describes the basis of accounting.
